Ref#: A2649B36JF

Date completed: November 11, 2026

U.S. EQUIVALENCY SUMMARY

Master's degree from a regionally accredited institution

CREDENTIAL ANALYSIS

1.	**Name on Credential:**	CHANDLER, Nicholas Jacob
	Credential Authentication:	*Documents were sent directly by the institution*
	Country or Territory:	Germany
	Credential:	Master of Science
	Year:	2026
	Awarded By:	Berlin University of Applied Sciences and Technology
	Status:	Accredited Institution
	Admission Requirements:	Bachelor's degree
	Length of Program:	Two years
	Major:	Data Science
	U.S. Equivalency	Master's degree

INSTITUTIONS - DATES - SUBJECTS	Credits	Grades
Berliner Hochschule für Technik		
2024-2026		
Mathematical Models	3.5	A
Advanced Software Engineering	3.5	A
Statistical Computing	3.5	A
Practical Data Science Programming	3.5	A
Computer Science for Big Data	3.5	A
Business Intelligence and Data Science Platforms	3.5	A
Data Visualization	4.0	A
Regression	4.0	A
Machine Learning I	4.0	A
Applications I: Data Science Workflow / Applications	5.0	A
Machine Learning II	3.5	A
Applications II: Urban Technologies	3.5	A
Applications III: Enterprise Data Science	3.5	A
Business Value and Responsibility	3.5	A
Text Mining and Natural Language Processing	3.5	A
Deep Learning	3.5	A
Business Ethics and Corporate Governance - From a Global Perspective	2.0	A
Intercultural Competence - Focus China	2.0	A
Master's Thesis	17.5	A
Master's Thesis Colloquium	3.5	A

SUMMARY

Total Graduate Semester Credit: 84.0 GPA: 4.00

WES EVALUATION TERMS

Evaluation Scope: World Education Services (WES) evaluates only formal educational credentials. WES does not evaluate professional experience. WES evaluations are based upon the best information and resources available to professional evaluators. WES evaluations are offered as non-binding advisory opinions.

Accredited Institution: The status of a nationally recognized institution in another country is comparable to that of a regionally accredited institution in the United States.

Credential Authentication: Evaluations prepared by WES specify the manner in which each document was authenticated. The method used depends on what is appropriate for the specific country and level of education. WES authenticates academic records by one of the following methods.

- by requiring that official transcripts be sent to WES directly by the institutions or examination bodies that issued them;
  OR
- by requiring that official transcripts be authenticated by the relevant government authority (e.g. Ministry of Education) before being sent directly to WES;
  OR
- by verifying documents submitted by individuals by sending them back to the institutions/examination bodies that issued them and obtaining a written confirmation of their authenticity.

Detailed country-by-country document requirements can be viewed at www.wes.org/required/index.asp

Grades/ Quality Points: WES uses an alphabetic system to identify grades. The standard WES conversion of letter grades into a numerical scale/quality points is as follows: A = 4.00; A-=3.67; B+ = 3.33; B = 3.00; B- = 2.67; C+ = 2.33; C = 2.00; C- = 1.67; D+ = 1.33; D = 1.00; F = 0; F*=(see below); R*=(see below)

- "F*" indicates a course that was failed initially, but passed on a subsequent attempt. It is not included in the GPA calculation.
- "R*" indicates a course that was passed initially, but was retaken for grade improvement. It is not included in the GPA calculation.
- "Pass" is not included in the Cumulative Grade Point Average. For study completed at the undergraduate level, it corresponds to at least a "C" in the United States. For graduate and professional study, "Pass" corresponds to at least a "B".

Grade Point Average (GPA) is calculated by multiplying the credits per course by the quality points for the grade for that course, repeating this procedure for each course, totaling the credit hour quality points thus obtained, and dividing by the total number of credits.

Course Level Designation: The designation "U" (upper) or "L" (lower) for a course at the undergraduate level is an indication of its level.

Credit Recognition and Transfer: The course-by-course analysis represents a breakdown of post-secondary study in terms of U.S. semester credits and grade equivalents. The number of credits accepted for transfer to a degree program or towards a professional license in the United States may vary from those listed in this report in accordance with the policies of the receiving educational institution or professional agency.

Evaluations for Professional Licensing/Certification: WES does not assess professional aptitude or experience. Only authorities qualified in the profession can determine whether an individual meets requirements for licensing or to practice the profession in the United States.
